MOUNTAIN CLUB ENTERTAINS
MANY GUESTS AT VENISON SUPPEREvent Marks The Closing
Of Hotel Wilbur As A
Public House

WAS AN ENJOYABLE OCCASION

The closing act in the life of the Hotel Wilbur, which for years ranked as the leading hostelry in the Monongahela valley, took place Thursday evening, when the Charleroi Mountain Club entertained the members of the Charleroi Rod & Gun Club and a number of other guests at a venison dinner. The place of honor on the menu was provided by select cuts from a fine buck which members of the Mountain Club shot down near their preserves in Elk county last week, and which was brought to Charleroi for distribution.

Frank Zwick, proprietor of the hotel, took personal charge of arrangements for the event, and under whose jurisdiction the menu was prepared and served.

About fifty guests were present, and after the good things of the feast had been disposed of a miscellaneous program was the order of the evening, with Tom P. Sloan as toastmaster. Remarks were made by Kerfoot W. Daly, Dr. Edwin McKay, Dr. Sloan, D. M. McCloskey, Esq., R. H. Rush and by George Adel, a former resident, but now living in Brownsville. In his remarks Mr. Adel said the Wilbur was the first "real hotel" erected and maintained for the benefit of the public in the Monongahela valley.

The even served as a fitting climax to a long period of years as a public house on the part of the Hotel Wilbur, for on the 18th inst. the furniture and fixtures of the building will be sold, and the tenant surrender its possession on the first day of the coming January.

SON OF TARZAN

To the Men, Women and children of Charleroi:

There will shortly be presented at Majestic Theatre "The Son of Tarzan" a story of jungle life in the African wilderness. A serial teeming with thrills, ferocious lions, tigers, baboons, fierce man-eating blacks, sinister Arabs, venomous creatures of the wilds.

Amongst them, always fighting for supremacy, is Korak, the Killer, the son of the inimitable "Tarzan of the Apes" with his companions Akut, the Ape, and Meriem his little sweetheart, whom he had rescued from an Arab Sheik. Together from childhood, they brave the perils of the jungle, and the Apeman, dominant always, shelters the girl from ever-present dangers.

How they escape from the Arabs, blacks and wild beasts, finally are rescued and taken from the jungle by "Tarzan of the Apes" makes this serial wonderfully human, pulsating with love, action, thrills, suspense, and every other kind of emotion.

It is the fourth of the Tarzan stor-

IMPOSE HEAVY SENTENCES
IN UNIONTOWN COURT

Ernest Lacy and John D. Yates, convicted at the last term of the Fayette county criminal court of voluntary manslaughter in connection with the death of Milton Ford, 11-year-old colored boy, returning to his home in Uniontown from berry picking at the Atlas coke works on August 23 last, were sentenced on Monday by Judge J. Q. VanSwearingen to serve an indeterminate period of from 8 to 12 years in the western penitentiary. A motion for a new trial was refused.

PACKERS TAKE THREE
STRAIGHT FROM OILERS

Capt. Bert Mitchell's crew of Packers from the "stockyards" made three straight from the Oilers last night at the Elks' alleys. The first game was a bitter battle, the victors only having a lead of one pin, but the other two came rather easy, the second being taken by 41 pins and the third by 90. For the winner the best bowling was done by Williamson, Jobs and Warrensford, while for the losers Sanier, Jim Russell and Riley were the leaders. Tonight the Devil Dogs and the Lunks play the last scheduled game of the first half of the season. These games will really decide who the winner is to be for the first half of the season, and there promises to be some "tail" excitement. Game called at 8:30. Monday is the "Big Night of Sport," and Tuesday the night of the banquet, when all members are requested to be on hand.

TWO CHILDREN WERE
BURNED TO DEATH

Two children met death in a fire which destroyed the residence of Samuel Antilla on Chestnut street, near the Ninth street school building, in Monessen, Thursday afternoon at 2:30 o'clock, and Mrs. Antilla was painfully injured when forced to jump from the second story window to the ground with a babe in her arms.

The fire started on the first floor of the building, which was a two-story frame structure, and was not discovered until Mrs. Antilla, who was on the second floor with her baby, opened a door leading to the stairs. Flames rushed out, burning her about the face, when she turned and picked her baby from the bed, ran to a window and jumped. The fire company was immediately summoned, but by the time it got there the entire building was in flames and beyond control.

After escaping from the building Mrs. Antilla said that two of the children, a boy aged 5 and a girl aged 3 were in the building. About an hour after the flames had been subdued the firemen were able to make search, and they found the ashes of the little ones, who had been unable to escape from the flames. It is presumed they had been playing down stairs, possibly with the fire, and disaster resulted. Mr. Antilla who had left home after noon, did not know anything of the fire until he returned in the evening. The loss is about \$5,000 which includes \$500 in money which the family had in the house. A small amount of insurance was carried.

SCHOOL BOARD ELECTS
EXECUTIVE OFFICERS

At the annual meeting of the school board held Monday evening, Dr. F. C. Stahlman was elected president for the ensuing year, and Lee Showers, vice president.

Three sons of former Presidents were recently elected to State legislatures—Russell B. Harrison in Indiana, Theodore Roosevelt in New York and Robert Taft in Ohio. Doubtless their fathers' names helped them to get that far, but it will be "up to" them to go farther.

BUSINESS HOUSES
IN NEW LOCATIONS

Due to changing conditions a number of business houses on Fallowfield avenue will change their locations about the first of the year. The Haube flower store, which has been located in the Riva building at 520 Fallowfield avenue for the past 12 years is compelled to move because Mr. Riva, the owner of the structure, desires to use it for his own purposes. In order to protect his business Mr. Haube then entered into negotiations for the Jacob Lowstutter building at 521 Fallowfield avenue and now occupied by the National Grocery. The deal was completed several days ago, and Mr. Haube expects to move to his new location shortly after the first of the year. The new room will be fitted expressly for his business, with a number of new fixtures which have been already ordered, and when transformed the new location will provide even greater facilities for the benefit of his business. The National Grocery, when it was notified to give up its present location, entered into a deal with Umbel's grocery at 539 Fallowfield avenue, purchasing the stock and lease of that grocery and will move to that location shortly after the first of the year. Mr. Riva expects to use his own building for a small department store.

NEW GARBAGE PLANT
NOW IN OPERATION

Monessen's new garbage furnace, located in Boyd's hollow, below the town, was given a test on Tuesday and found to work in a very satisfactory manner. The plant will have a capacity of 60 tons of garbage per day, working both furnaces 24 hours. The investment for Monessen will be about \$45,000 of which sum \$10,000 was expended for the site, 23,000 for the building, and \$10,000 for the furnaces. It will require about \$2,000 more to complete all details. It is hoped to have the plant in full operation next week, at which time representatives from surrounding towns will be invited to visit the plant for the purpose of inspection.

SPOKE TO BOARD OF TRADE ON
BETTERMENT OF LOCAL CONDITIONSCOAL SELLS FOR \$3.00
PER TON IN UNIONTOWN

A sale of 100 cars of coal at \$3.00 a ton at the mills in the Uniontown district on Wednesday established a new law for receding prices. In this section of the valley coal is selling at a somewhat higher price, \$4.00 a ton being named as the figure at which quite a tonnage changed hands. It looks, however, as if the high prices for bitumen were over for the present, at least.

GENEROUS DONATION
FOR LOCAL CHARITY

W. M. Darby, local health officer, and who also looks after many of the details of the consolidated charity boards of Charleroi, is in receipt of a letter from W. W. Hawkins, of Fredericktown, a member of the board of poor directors of Washington county, in which Mr. Hawkins encloses his personal check for \$150.00 to be used for the benefit of the needy of this community. The donor, in making this contribution, says that "it is near Christmas time and the needs of the poor are many, and my heart goes out in sympathy and love for them; and I have decided to place in your hands, to be used as you deem best, my personal check for \$150.00." The writer closes with a wish for a merry Christmas and happy New Year, as well as health and prosperity for the families and people of this city.

Mr. Darby was highly pleased to receive the contribution which will be turned over to the local charity organization, and the proceeds will be applied to bringing Christmas cheer to a number of families in the borough who would otherwise have but a scant recognition of the Christmas time.

The bride has many friends here who extend their best wishes. She will be remembered as a faithful member of the First Presbyterian church, and also as a clerk in the New York Grocery store.

New York Speaker Gives
Number of Good Pointers
on Organization

WILL RETURN NEXT WEDNESDAY

A called meeting of the Charleroi Board of Trade was held in the public meeting room in the borough building last night, at which time L. W. Sprague of the American City Bureau, of New York City, made a very interesting address.

Notice of the meeting was so brief that the attendance was not what the officers desired, and arrangements were made to have Mr. Sprague return to Charleroi on Wednesday evening next, at which time it is hoped to have a more generous attendance.

The theme of Mr. Sprague's address was the local Chamber of Commerce and its maintenance, as well as the duties which such organization should assume. It was a plea for better local conditions, by means of a local organization which would be ready to take up any public question, and which would work for the interests of the community as a whole. The address was a plea for other activities than looking after securing industrial accessions, taking more thought of the individual and the improvement of his surroundings.

Notices for the next meeting will be sent out at once, and the officers hope for a very generous attendance to hear one who is competent to speak on such an interesting question.

ELECTED TO FACULTY

Mrs. Chalfant, who obtained her teacher's diploma under John Orth of Boston, has already assumed her duties. She conducted successful classes in Boston and after marriage taught a class in Charleroi a short time prior to removal to Beaver.

TARIFF A NATIONAL ISSUE.

"The famous remark by General Hancock that the tariff is a local issue seems likely to be revised in view of nation-wide demand just as present for the enactment of a protective tariff law," declares the Republican Publicity Association, in a statement issued today by the President of that organization, Hon. Jonathan Durno, Jr. "For a great many years the North was the only section of the United States advocating a protective tariff. The South was utterly opposed to the principle of protection. In recent months, however, there has been an insistent demand not only among manufacturers but among farmers—not only among the people of the North but among the people of the South—for the enactment of a law which shall impose protective import duties upon commodities of practically all classes.

"Just now the farmers of the West are holding conferences and conventions and adopting resolutions demanding an import duty on grain, dairy products, live stock, etc. Ten million bushels of wheat imported from Canada in a single month at a time when the wheat growers of the United States are unable to sell their grain for a price that will cover the cost of production, immense importations of butter from Denmark, large importations of meat from Argentina, and offerings of Australasian and Argentine wool depressing the market in the United States, have impressed the farmer with the need of an 'America First' policy which shall insure to the American producer at least an even chance in his home market.

"Now we see also the shutting down of textile mills along the Atlantic coast and in those Southern States which have in recent years become manufacturers of cotton goods. Coincident with this curtailment of production and consequent reduction of employment we read statistics of imports showing that in the nine months ended with September we bought foreign manufactured cotton goods to the value of \$113,000,000 as compared with \$29,000,000 last year. The increase is not only in value but in quantity, for in the nine months of the year 1920 our imports of unbleached cotton was 50,000,000 yards as compared with less than 7,000,000 yards in 1919. Of bleached cloth there were imported 21,000,000 yards as compared with 4,000,000 yards last year. Of dyed-in-the-piece and printed cloths there were importations of 42,000,000 yards as compared with 7,000,000 yards in the same period of the previous year. In the aggregate of all the various kinds of cotton cloths, there were imported in the first nine months of 1920, over 122,000,000 yards as compared with 22,000,000 yards in the corresponding period in the war before, an increase of approximately 100,000,000 yards or nearly 50 per cent.

"These are facts; not theories. It must be perfectly clear to any student of economics that if we buy cotton goods in Europe there must be a corresponding diminution of production in the United States, and if there is diminished production in the United States there must be fewer wage earners, less money in circulation, diminished buying of various commodities used by people from day to day, and lessened activity in all kinds of business and industry.

"No one contends that we should discontinue all buying abroad. What the farmers of the West, the peanut growers of the South, the live stock men of the Southwest, and the manufacturers of the Eastern States are contending for is an import duty which shall amount to at least the cost in cost of production at home and abroad so that the American producer may compete on an equality with his foreign competitor.

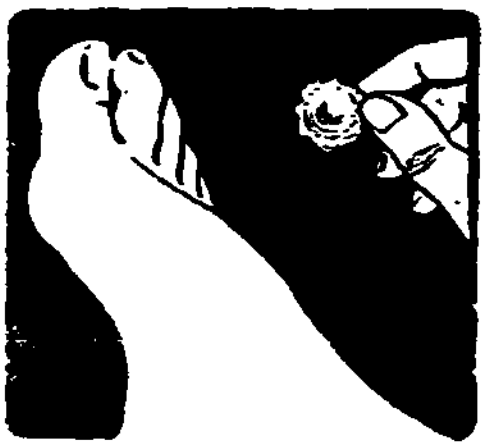

"Agitation for restoration of a protective tariff, coming as it does from all sections of the country, makes the tariff a national rather than a local issue."

The Southern farmers reported to be burning cotton in order to force up the price must be obsessed by the notion that a bird in the bush is worth two in the hand.

LOCAL THEATRE ON A NATIONAL CIRCUIT

Participation by local amusement enterprise in what is credited as being in its figures and the importance of the principles involved the biggest transaction on record in motion picture industry is revealed by an announcement made today by Manager Rosenbloom, of the Majestic theatre, of the consummation of a contract whereby the screen productions of the pre-eminent popular stars, Norma and Constance Talmadge have been secured locally for the next four years. The contract for the Talmadge pictures was made with Joseph M. Schenck, producer of these stellar attractions, by Associated First National Pictures, Inc., of which organization Manager Rosenbloom is a member, holding its franchise for this city. Twenty million dollars is the sum said to be involved in the special feature productions to be forthcoming through the deal.

Among the earliest of the forthcoming productions of Norma Talmadge and her comedienne sister, Constance, may be mentioned "The Sign on the Door," "Smiling Through," "The Garden of Allah," a magnificent production; "The Net," "The Passion Flower" and "Wedding Bells."

NEW BUILDING PROJECT FOR THE BROWNSVILLES

One of the biggest problems that has impeded the progress of the Brownsvilles has been the housing question, and it is said this is to be overcome in the very near future by the contemplated organization of a land development company, which will plan, build and finance homes for owners on liberal terms and conditions.

This organization, whose personnel includes some of the most prominent and influential men of those communities, will announce their plans just as soon as they complete their deal for the purchase of a very desirable tract of land to suit their purpose. It is the purpose of the promoters to secure a tract that can be utilized with economical results and eventually build several hundred houses, which will be either sold or leased, and which will greatly aid in solving the housing congestion from which the Brownsvilles are now suffering.

Speed Guessing Contest! **SWEEPER-VAC** With Motor Driven Brush

\$100 in Cash Prizes \$100

First Prize
\$50

Second Prize
\$50

in cash will be given to the first person guessing the correct or nearest to the correct number of revolutions per minute made by the Motor Driven Brush of the SWEEPER-VAC.

A second prize of \$50 will be given any person who will form a club of 6 persons, each of whom will purchase a Sweeper-Vac from us during this guessing contest. If more than one club is formed each person forming one will receive a prize of \$50, provided the six cleaners are purchased by the club.

POINTS TO REMEMBER IN MAKING YOUR GUESS:

1—The special object of this contest is to fix your attention upon the fact that the SWEEPER-VAC has a Motor Driven Brush and then to show you what we mean by a Motor Driven Brush. You will see that the Brush is revolving at good speed while the machine stands still. This shows that it is being driven electrically and that you do not have to push the machine in order to get the brush to work, as you have to do with almost all other Vacuum Cleaners.

2—The Regular Speed of the SWEEPER-VAC Brush is 1,350 revolutions per minute.

3—This machine shown here is purposely speeded less than 1,350. So, make your guess less than 1,350 revolutions. To make sure that the correct guess receives the prize, the brush speed of this machine has been set by the manufacturer and will be known only to him until we receive his telegram announcing it at the close of the contest.

4—This Guessing Contest closes Saturday, December 18, 1920, at noon. The winners will be announced at 4 o'clock that afternoon in our store.

5—A check will be sent the winner at the close of the contest.

NOTE—Because of a very probable variation of electrical voltage between the factory and here, the actual reading of the brush speed would be a trifle different in the two places. This fact further safeguards your guess against anyone here secretly reading the speed by meter.

A CHARLEROI INTERVIEW

Mrs. Velleity Tells Her Experience. The following brief account of an interview with a Charleroi woman five years ago, and its sequel will be read with keen interest by every citizen.

Mrs. Louis Velleity 205 Prospect Ave., Charleroi says: "I was troubled for years with a swelling around my ankles and feet and found it hard to get around. A dull heavy pain in the small of my back made it hard for me to do my housework. Mornings I would wake up very sore and found great difficulty in bending or moving in any way. Rheumatic pains shot all through me and I often had a tired draggy feeling. I was advised to try Doan's Kidney Pills and purchased a box at Piper's Pharmacy. After taking two boxes of this medicine I was relieved. I still take Doan's occasionally and they keep me feeling fine." (Statement given Jan. 30, 1914.)

On December 1, 1913, Mrs. Velleity said: "I haven't had to use Doan's Kidney Pills lately and I tell everyone I hear complaining of their kidneys to try Doan's."

NOTED ORATOR TO SPEAK FOR NEGRO

Professor Kelly Miller, dean of Howard University, Washington, D. C., will lecture at the high school auditorium, Thursday evening, December 30, on the subject, "Loyalty of the Negro." Professor Miller is a noted author and leader in educational work among the negroes, and his coming to Charleroi is being anticipated with both pleasure and profit. His book, "History of the World War for Human Rights," which has met with a wide circulation, has been accorded the distinction of being a most vivid and authentic account of

the part played in that awful inferno by colored troops. The noted pedagogue is being brought to Charleroi for this lecture by the trustees of St. James' A. M. E. church, and they are solicitous that he be greeted by an audience sufficiently large to do him honor. The committee in charge consists of Hiram T. Smith, William F. Smith, Paul Simpson, William C. Smith, D. F. Ferguson and Rev. J. U. Gumbs, pastor, from any of whom tickets may be procured. A fine miscellaneous program of brief duration to be participated in by prominent persons, will precede the lecture.

That 92-year-old citizen of Orange, N. J., who has been arrested for getting drunk for the 127th time must be tougher physically even than morally.
